10th ETA-CRN Meeting

11th September, 2010

Paris, France

sponsored by

European Thyroid Association – Cancer Research Network
is sponsored by

President: Ulla Feldt-Rasmussen, National University Hospital, Copenhagen, DK
Secretary: Barbara Jarzab, Maria Skłodowska-Curie Memorial Cancer Center
and Institute of Oncology, Gliwice Branch, Poland
Treasurer: Georg Brabant, The University of Manchester, UK

Program of 10th ETA-CRN Meeting in Paris

Saturday, September 11th 2010,
PALAIS DES CONGRES DE PARIS 3,
Place de la Porte Maillot, 75017 Paris, France
8h00 – 13h00

Irradiation and carcinomas: lessons of Chernobyl for thyroid, implications for the diagnosis and prevention of thyroid carcinoma

Symposium kindly sponsored by Genrisk-T Consortium

Chairmen: Ulla Feldt-Rasmussen, Jacques Dumont, Mike Atkinson

Introduction: Maurice Tubiana

A tribute to Professor J. Nauman on the occasion of his action to introduce stable iodine prophylaxis after Chernobyl-related contamination in 1986 in Poland

8:15 am **Chernobyl Cancers**

Michael Tuttle (New York, USA)

8:45 am **Gene expression in papillary thyroid carcinomas and contra-lateral tissues from patients exposed and not exposed to the Chernobyl fallout**

C. Maenhaut, V. Detours (Brussels, Belgium)

9:15 am **Is there a gene expression signature specific of irradiation induced thyroid carcinoma?**

B. Jarzab, D. Handkiewicz-Junak (Gliwice, Poland)

9:45 am **Gene expression in X ray induced thyroid carcinomas**

S. Chevillard (Saclay, France)

Coffee break : 10:15 am – 10:45 am

10:45 am **Thyroid cancer and low dose radiation**

Dillwyn Williams (Cambridge, UK)

11:15 am **Gene copy number (CGH) in Chernobyl cancers**

H. Zitzelsberger, (Munich, Germany)

11:45 am **Genomics of Chernobyl related thyroid cancer**

K. Unger, G. Thomas (London, UK)

12:15 am **RET/PTC in thyroid cancer**

F. Carlomagno (Naples, Italy)

12:45 am **General discussion**
